## SEABREEZE COUNCIL WILL NOT CLOSE OCEAN BOULEVARD.

Now, What Is The  
Next Move?

Decided Last Night That They  
Had No Right To Grant Con-  
cession Asked.

The Seabreeze council met in adjourned  
session last night to receive the decision  
of Mr. Landis, the city attorney, in re-  
sponse to the proposition submitted by  
Dr. Potter Monday night to close the  
boulevard from Grandview avenue to  
the sea and dead the street, or the por-  
tion closed, to Dr. Potter and his associ-  
ates in consideration of their building a  
new hotel.

President Mallory was in the chair,  
Attorney Williams, Gilmore and Bur-  
gess answered to roll call. Dr. Potter  
was present and a large assembly of in-  
terested listeners crowded the hall. The  
regular routine business was shortly dis-  
posed of and interest centered in hear-  
ing from the city attorney whether the  
city council had the right in law to ac-  
cept Dr. Potter's proposition. Section  
heads as follows:

"The common council has power to  
discontinue a street if the same is done  
because the council deems it necessary  
and expedient for the public health or  
interest."

"Section 4. The common council does  
not have the power to discontinue a  
street for the benefit of a private person  
or corporation."

"This seemed to settle it."  
Dr. Potter addressed the council and  
then presented and made a good presen-  
tation of his side of the question. If there  
were any who had made a personal mat-  
ter of it against Dr. Potter his frank  
talk must have corrected any such sen-  
timent. He stated frankly that if he had  
the money to rebuild he would not ask  
the concessions asked for by his as-  
sociates but they were business men  
and would have to put up \$200,000 to  
build such a structure as was contem-  
plated, and the best concession he could  
get of them was pedestrian passage way,  
which was not incorporated in the propo-  
sition Monday because it had been re-  
vised since.

George Wells then made a clear and  
forceful statement of just why Ocean  
boulevard residents were not willing to  
make what they considered so great a  
concession. He spoke of the commercial  
as well as the esthetic value of  
beauty to a tourist town, and how he  
was first attracted to Ocean boulevard  
because of this, and how he prized the  
view; and again how discrimination  
might be to other hotel businesses  
and every other business on Ocean  
boulevard. He expressed his appreciation  
for Dr. Potter, but he thought the find-  
ing of the City Attorney had settled the  
question, and there was no use of  
further discussion.

The following speakers then had the  
floor: J. W. Erreger, who did not care  
for the ocean view, and would like to see  
the hotel rebuilt. R. T. Butler, who  
thought it would be a wrong to all other  
hotels on that street. C. F. Burgeon  
who strongly urged it. Feeling run a  
little high as the speakers expressed  
themselves, and not being seemed to be  
reconciled, C. F. Burgeon, called an  
executive session, and the people were  
dismissed. In executive session it was  
moved and seconded that, according to  
the finding of the City Attorney the  
Council had no right to close Ocean  
boulevard.

"As I am compelled to build my  
new hotel elsewhere, I offer my  
property located in Seabreeze,  
Fla., at bargain prices. See Con-  
rad Real Estate Agency. E. L.  
Potter. 82-11.

## DR. POTTER TO LEAVE SEABREEZE.

Offers His Peninsula Property  
For Sale And Is Considering  
Hotel at Port Orange.

A LOSS TO THE COMMUNITY.

Elsewhere in this impression of the  
Daily News will be seen the advertise-  
ment of Dr. E. L. Potter, offering his  
Seabreeze holdings at a bargain.

Not only will Seabreeze and Daytona  
Beach people recognize this as a distinc-  
tive loss to the entire peninsula but the  
city of Daytona recognizes the loss and  
had ardently hoped there would be a  
way to avert such loss, such calamity,  
for it is more than a loss.

There is some satisfaction in the fact  
that 95 per cent. of the Seabreeze peo-  
ple favored the granting to Dr. Potter  
the concession asked but the obstinacy  
of the remaining five per cent. were suf-  
ficient to block his plans of proceeding  
at once upon the preliminary work look-  
ing toward a grander and better hotel  
than the Daytona district has ever yet  
had, a modern concrete building, fire-  
proof and equipped with every appli-  
ance and convenience for the comfort of  
the most exacting tourist.

To resort to the courts for what Dr.  
Potter asked would require time, months  
and months of time, which would better  
be spent in building rather than in lit-  
igation, and this Dr. Potter declines to  
do. If there were but one property  
owner holding out he would take the  
same view of the matter.

Dr. Potter regrets that his Seabreeze  
neighbors see things in a light so differ-  
ent from his view of things and laments  
that he has come to the parting of the  
ways when it seems the part of wisdom  
for him to abandon Seabreeze, his first  
love, but facts are stubborn things and  
these are facts.

His next step will be to lay the plans  
of the Port Orange people before his as-  
sociates in the hotel scheme, and it  
looks now as if the village on the South  
will reap the benefits which Seabreeze  
surrenders.

### Death Calls Boyton Home.

Capt. Paul Boyton, who was in Day-  
tona recently with part of his family  
in the yacht Water Gipsy, received a tele-  
gram at St. Augustine that his son,  
Paul Boyton, Jr., had died in Philadel-  
phia where young Boyton was in school.  
The Boytons left at once for Philadel-  
phia and the Water Gipsy will be  
offered for sale. Their contemplated  
trip to South America has been aban-  
doned.

"As I am compelled to build my  
new hotel elsewhere, I offer my  
property located in Seabreeze,  
Fla., at bargain prices. See Con-  
rad Real Estate Agency. E. L.  
Potter. 82-11.

## SMYRNA BRIDGE IS REBUILDING.

B. J. Pacetti, of Ponce Park, was in  
town yesterday accompanied by a num-  
ber of people, guests of that resort. Mr.  
Pacetti has the contract for the rebuild-  
ing of the bridge across the Indian  
River North (Hilshoro river), and was  
in Daytona on the hunt of material  
needed in its construction.

The loss of this bridge for a few months  
past has been a hardship both to Cor-  
onado and peninsula people, not to men-  
tion the inconvenience to those who re-  
sort to the bridge for sheephead fishing.  
Mr. Pacetti informed the Daily News  
man that he will put a force of men at  
work at once and thinks he will have  
the bridge in readiness for the public by  
the first of April.

## FRIDAY'S VOTE WAS SMALL.

The vote was not large, as shown by  
the count of Friday evening, but it gave  
the Elks a gain of about 11,000 on the  
Eastern Star, and plainly showed that  
the Daytona high school will probably  
pass the 2,000,000 mark before the con-  
test is over. There were no changes in  
standing either in or outside of Daytona.  
Outside of Daytona the Kingston  
school had a large vote, and is again  
close upon the heels of the Seabreeze  
high school.

The last month of the contest is well  
under way, and right now it looks like  
the two present leaders would be the  
winners. Wilman's opera house likely  
is a sure thing, but the Daytona high  
school will have to keep on plugging  
away, for no one can tell what the Hal-  
fax Rifles and Elks may have under  
their hats.

## BEVERIDGE RECOMMENDS.

[By United Press.]  
INDIANAPOLIS, Ind., Mar. 6.—Sen-  
ator Beveridge showed today that he is  
in accord with the Canal bill proposi-  
tions. He recommended the name of  
Charles W. Miller, former attorney gen-  
eral of Indiana, as the successor of Joe  
B. Keating, the district attorney, who  
resigned yesterday rather than prose-  
cute the cases against the proprietors of  
the Indianapolis News.

H. H. Hough and R. J. Malby  
went down to Eldora Thursday in  
the latter's launch, the "Teal," on a  
hunting and fishing trip, expecting  
to return today or tomorrow.

## FISHING IS EXCELLENT.

Speaking yesterday about fishing B. J.  
and Gome Pacetti, of Ponce Park, who  
are probably as good authority on this  
subject as anybody on the East Coast,  
say that fishing in the neighborhood of  
the inlet is splendid now, especially for  
whiting and for bluefish, each of which  
fish bites well at a variety of baits.

They say fine strings of both these  
kinds of good size are caught daily, not  
to mention many other varieties caught  
in less numbers.

They estimate that this fall and win-  
ter fully 12,000 channel bass have been  
caught up Spruce creek. These bass run  
in size from five to ten pounds and af-  
ford excellent sport as they are game to  
the core, obdurate, and often display  
generalship of a high order.

Those of you who enjoy piscatorial  
sports would better get busy now in-  
stead of running the risk of connecting  
with a snow storm and blizzard by go-  
ing back north. Fishing of all kinds  
will be good for weeks to come.

## CAUGHT IN NUMBER 13.

James O'Connell, partner of George  
Barton, the noted safe-blower, was cap-  
tured Thursday in Birmingham, Ala.  
O'Connell was in room 13 of a local hot-  
el and a large quantity of booty was re-  
covered in the room, including about 7-  
000 stamps. The two men are believed  
to have been the robbers of the postoffice  
at Cuthbert, Ga., last Saturday night.  
Barton was given his preliminary hear-  
ing before a federal commissioner and  
probably will be taken to South Caro-  
lina to be tried as an accomplice in the  
murder of Policeman Stone at Laurens.  
O'Connell and Barton, so says John  
Sampson, were in the Daytonapostoffice  
robbery, O'Connell doing the fancy  
work on the safe.

## DON'T HURRY NORTHWARD.

The great Northland is in the throes  
of one of the greatest snow storms and  
blizzards of the season. It reached well  
down into Mississippi, Alabama, Geo-  
rgia and grew in intensity as you pro-  
ceed northward being fierce in Ken-  
tucky, Virginia, Maryland and else-  
where in that belt.

Telegraph and telephone wires are  
down and trains are practically at a  
standstill in many places. Great suffer-  
ing is reported.

This is the most disagreeable and  
trying period of the year from the Ohio  
valley north and it is safe to remain,  
when you can do so, and let the sun  
creep a little farther north of the Tropic  
of Capricorn.

## BECKHAM PASSES BY.

John Cripps Wickliffe Beckham, ex-  
Governor of Kentucky, with Mrs. Beck-  
ham, passed up the road yesterday for  
their home at Frankfort, Ky. Govern-  
or Beckham has done more to knock  
out whisky in Kentucky than any other  
Governor the old Commonwealth ever  
had, but whisky knocked him out good  
and strong. He won the Democratic  
nomination for United States Senator  
over that sterling old Democrat Senator  
Jas. B. McCreary, on a temperance  
platform, and in the legislature there were  
enough "whisky" Democrats who united  
with the Republicans to turn Beckham  
down and elect Wm. O. Bradley to the  
Senate. Bradley is shrewd, but any-  
thing but clear; but then politics is a  
dirty game.

While Beckham was fighting for tem-  
perance and had the backing of the  
strongest temperance men in the State  
he did about all he could to drink the  
supply of liquor old Kentucky had on  
hand. With his light to stop its manu-  
facture and sale, and his capacity  
for consuming the "visible supply,"  
"Cripps" was after it at both ends,  
"excite and a-conin."

## FEARS FOR ROOSEVELT.

[By United Press.]  
CHICAGO, March 6.—Prof. Frederick  
Starr today expressed fear that Roose-  
velt will never return alive from the  
quest for African game. He says Roose-  
velt is not tempered to stand insidious  
fever.

## LOOKS LIKE NEW STATION FOR CITY OF DAYTONA.

## HARPOONS 8-FOOT PORPOISE.

Asa Paine Lands The Steel And  
Excitement Is Reeled  
Off.

BIG FISH NOW AT YACHT CLUB.

A party of sportsmen and fishermen  
were down the Halifax about three  
miles this morning speeding along in the  
fleet "Swastika." A school of porpoises  
were disporting themselves in the warm  
salt water which was pouring in from  
the sea, seemingly oblivious of the pres-  
ence of the boat.

Asa Paine picked up a big harpoon  
which lay on the forward deck and at  
an opportune moment let drive at one  
of the big fish, striking it fairly in the  
side. The harpoon and staff were  
securely attached with a stout rope on a  
big reel.

The school of fish were off like a flash,  
the harpooned fish taking rope, reel and  
the improvised box in which the reel  
worked, overboard into the Halifax.  
When the reel of rope hit the water it  
unwound so fast it churned the water  
into a foam.

They tell it on Mr. Ridgeway, Secre-  
tary of the Park Board Commission,  
Detroit, that he stood on deck and  
danced up and down like a "Holy  
Roller." The crew of the "Swastika"  
went after the fleeing rope and secured  
an end, and by shooting the porpoise  
several times all hooks finally landed it  
on deck.

It measures nearly eight feet in length  
and weighs several hundred pounds. It  
is hanging up at the Yacht Club house  
and is attracting considerable interest  
from those who never saw a porpoise at  
close range.

There were aboard the Swastika,  
Messrs. Lewis, Paine, Blodgett, Ridg-  
way, Merrill, Elliott, Koch, and Folsom,  
all of whom figured in landing the big  
fish, some more with valuable sug-  
gestions than with help of hand and all en-  
joyed the sport to the fullest extent.

### Will Improve Property.

Work has begun on the new residence  
of A. G. H. Baker, on the property re-  
cently purchased of I. F. Humphreys,  
on South Ridgewood avenue, Hough &  
Bond having completed the founda-  
tion. Architect E. S. Hall, who drew  
the plans, says it will be a comfortable,  
roomy house, on the bungalow order,  
with all modern conveniences through-  
out. The living room will be 14x28 feet,  
with a large bay window, and the din-  
ing room will measure 11x18 feet, while  
there will be extensive porches on the  
sides and front with the generous width  
of twelve feet.

Fresh Michelin tires, all firsts,  
no seconds. For sale at the Atlantic  
Motor Car Co. and Central Garage.

## They Recognize Day- tona's Needs.

Florida East Coast Officials Give  
Prompt and Courteous  
Attention.

For some weeks past the congestion  
has been so great at the waiting room  
and about the passenger station of the  
Florida East Coast Railway, and so  
much complaint has been lodged of the  
lack of accommodations that the Daily  
News felt impelled to take notice and  
ascertain if possible the attitude of the  
railroad people toward improved facil-  
ities for the handling and comfort of the  
patrons of the road.

In pursuance of this plan the editor  
of the Daily News wrote personally to  
J. R. Parrott, General Manager of the  
Florida East Coast System, calling his  
attention to existing local conditions,  
and suggesting that the patrons of his  
road would appreciate it if they would  
make ample provision for their patrons  
at this point.

The response was prompt and the  
Daily News hopes that before another  
season rolls around the Florida East  
Coast people will have either rebuilt or  
so enlarged their passenger station so as  
to comfortably care for the thousands  
who will visit this matchless resort.

Here follows letter of J. P. Beckwith,  
to whom Mr. Parrott referred the Daily  
News' letter of inquiry:

T. E. Fitzgerald, Editor, Daytona  
Daily News, Daytona, Fla.

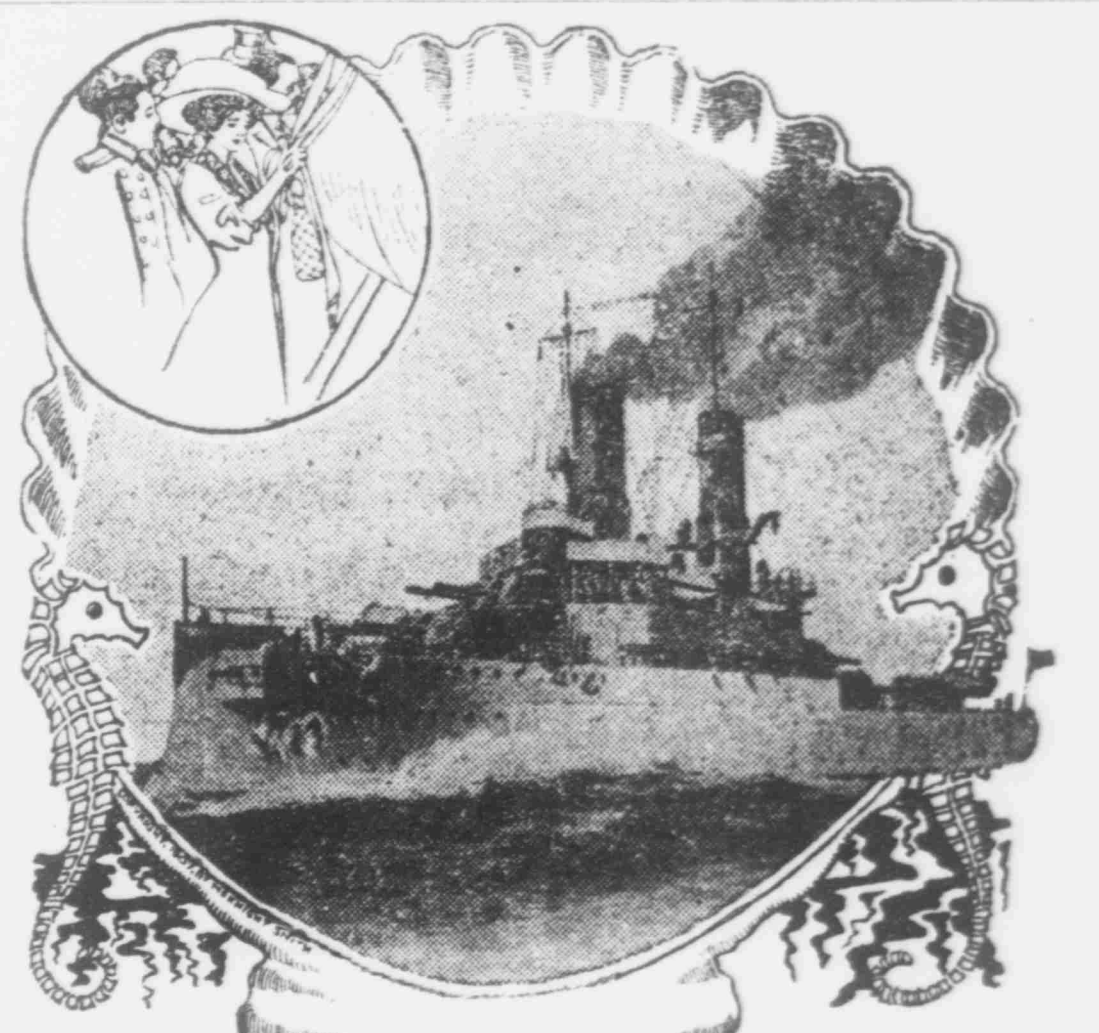

Dear Sir: Your favor of March 3d to  
Mr. Parrott relative to the situation  
with regard to passenger station at  
Daytona, has been referred to me and  
in reply would state that this matter  
was called to my attention some  
time ago and I have had Mr. Carter,  
our Superintendent of Maintenance of  
Way, look the situation over at that  
point to ascertain what was necessary to  
cure for the matter. He has made his  
report and we are now considering same.  
Please be assured it is not our intention  
to subject patrons of the line to any in-  
convenience so far as waiting room and  
seats are concerned and you will note  
we took the matter up for adjustment  
when it was called to our attention.

As for the matter of passengers being  
handled on Pullman trains. This  
trouble arose on account of trains reach-  
ing Daytona with not an available seat,  
making it necessary for vacant seats to  
be reported from points south. Wire  
troubles prevented the wires from reach-  
ing Daytona prior to the arrival of the  
train, hence, the complications. These  
instances will occur under the best of  
regulations and is a condition that we  
cannot overcome. However, we at once  
took the necessary step to remedy the  
trouble and have arranged to operate a  
parlor car exclusively for the benefit of  
New Smyrna and Daytona, between  
New Smyrna and Jacksonville on train  
74. This will provide seats at Daytona  
for the agent at that point to sell tickets  
for.

It is always a pleasure for us to re-  
ceive suggestions from those located on  
our line, and any information that ef-  
fects our interests in dealing with our  
patrons. I appreciate very much your  
taking up the matter with us.

Yours truly,  
J. P. BECKWITH,  
Fourth Vice President.

The Modern  
Seven Wonders

Daytona's Incomparable Ocean Beach.  
One of Daytona's crowning glories is  
her incomparable beach. No one who  
ever set foot upon its smooth, packed  
sands; no one who ever pedaled a bi-  
cycle over its expanse; no one who ever  
drove a prancing pair of horses and list-  
ened to the popping of their steel shoes  
upon its asphaltum-like face; no one  
who ever steered a high-power automo-  
bile down the broad stretch of wave-  
washed and surf-packed sand but re-  
alized that it is a world-beater, a world-  
wonder. Go stand upon this wide  
speedway and see the happy souls fit  
by in joyous mood, and answer whether  
this is not one of the seven modern  
wonders.

The Placid, Pelucid Halifax River.  
Where think you is water with more  
picturesque surroundings? Nearly a  
mile wide, fringed with tropical vegeta-  
tion, artistic cottages with roomy ve-  
randa's looking out upon her bosom,  
gamey food fishes in countless numbers  
beckoning, as it were, to those with rod  
and reel; her bosom flecked with duck  
and coot and snowy-winged sea birds,  
which sit about as if for the sport of  
bobbing upon her waves; watch that  
lubberly old white headed p.ican p.owh  
a fat mullet, and that fish hawk strug-  
gling upward with his floundering load  
he snatched from the water.  
See the beautiful launches, spick and  
span, their hampers and lockers bulging  
with refreshments both solid and liquid  
ready for a cruise upon her beautiful  
surface. Take out your field glass and  
sweep the river from Ormond bridge to  
Ponce Park light house, then say  
whether the Halifax isn't a thing of  
beauty and a joy forever, and one of  
the modern wonders.

The Enchantingly Picturesque Ridgewood.  
Ridgewood avenue is upon the crest of  
a broad ridge, straight as the crow flies,  
and the wide-spreading branches of the  
heavy-trunked live-oaks extend their  
giant arms across this magnificent vista,  
forming an arch, and from these extend-  
ed arms great festoons of Spanish moss  
sway as the trade winds from tropic seas  
fan them. Looking straight ahead down  
this white shell street one has the im-  
pression of a fairy path with elfish dra-  
peries, but as you move along and cast  
an eye first to the right and then to the  
left you see distinguished cottage homes  
in the most delightful settings.

Surpassing Beauty of Our Cottage Homes.  
No one of Daytona's attractions, per-  
haps commands more nearly universal  
attention and praise than does the artistic  
cottage. The owners of these charm-  
ing villas hail from every corner of the  
country and they bring their own archi-  
tectural plans and build upon them, and  
as the architecture of one section of the  
country differs from the architecture of  
another so do our homes differ in out-  
ward appearance and structural beauty  
from one another. There are no monoto-  
nous rows of strikingly similar buildings  
but the eye, as it sweeps by, is treated to  
a kaleidoscopic change which keeps  
the mind wondering "What next?"

Streets and Pavements the Most and Best.  
Why the Architect of the Universe  
chose to give to Daytona the most ad-  
mirable, the most picturesque natural  
setting of all the cities of the South is  
not revealed but that such is a fact  
must be apparent to the most superficial  
observer. With such lavish wealth of  
natural beauty it became an easy thing  
for the hand of man to give the little  
finishing touches which have brought  
out the colors and outlines of the big  
picture.

Man did all this in the laying out of  
the streets with their wide margins of  
parkage, the entire city becomes a  
great park  
And as for pavements, pavements  
that look and act like granite,—where  
else between the eastern and western  
seas are so many miles in proportion to  
inhabitants? Till some unheard-of  
place reports more and better, Daytona  
throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.  
Whatever one's shortcomings and  
however indifferent or eve callous one  
may be to many things, the mere men-  
tion of "squirrels and flowers, birds and  
fruits" will send a thrill that is reflected  
in distended pupils and prickled ears.  
For every visitor with a spare "goo-  
ber" there is a bunny ready to come out  
and accept your gift. He will sit bolt  
upright and gnaw into the meat, casting  
furtive, saucy glances at you meanwhile.  
Flowers! Usually fresh and blooming  
the year 'round. In one yard roses of  
variagated hues predominate, another  
has a penchant for the poinsettia and  
the premises are aflame; another is hid-  
den in a jungle of tall cane.

The birds flit in, and with their joyous  
notes help to give fullness and symme-  
try to the picture.  
As for fruits, choice citrus fruits, Day-  
tona yields the palm to none for quality  
and quantity per acre. There are scores  
of citrus groves in proximity to the city,  
branches bending to the earth with their  
burdens of luscious golden globes.

The Fastest Autos And The Finest Out.

Here is where world's records for speed  
are broken with every recurring season.  
Autos the biggest, the fastest and the  
finest are on daily parade and the big  
show is as free as the pure artesian  
water from the thousand flowing wells.  
It is a continuous show with constantly  
shifting scene. You will probably catch  
the spirit and when you do the roads  
and the beach are yours. The Florida  
sunshine is free, the balmy ocean  
breezes are free, the birds and squirrels  
and flowers are free, the sparkling  
fountain water is free and you will have  
to go down in your wallet only for coin  
for the auto and bed and board.

This is no fanciful picture; it's all  
here. It is drawing other thousands  
and holding them enthralled, it will  
charm and hold you. Come and see.

A Gallant Clergyman.

It is said that the Rev. Sydney  
Smith could be gallant as well as witty  
on occasion.

"Oh, Mr. Smith, I cannot bring this  
dower to perfection," said a young  
lady to him once as she showed him  
about her conservatory.

Whereupon he took her by the hand  
and said, "Then let me bring perfec-  
tion to the dower."

FREAK PAINTINGS.

A Tiny Work of Art and Rosa's Trans-  
formed Harpsichord.

Specially prepared canvases and glid-  
ed frames are not essential to the  
making of great paintings. This has  
been demonstrated by the artists who  
have painted masterpieces on scraps  
of board, shells, grains of corn and  
the walls of rooms and prison cells.  
Some of the most valued art objects  
belong to the freak class.

The smallest painting in the world  
of distinctive merit was executed on  
the smooth side of a grain of corn by  
a Flemish artist. On this limited sur-  
face the artist painted in perfect de-  
tail a mill, a miller with a sack of  
grain on his back, a horse and cart and  
a group of several peasants standing  
in a road.

The largest picture ever painted is  
said to be a panorama of the Missis-  
sippi river, executed by John Banvard,  
an artist who died in Watertown, S.  
D., in 1891. The gigantic canvas was  
twenty-two feet high and nearly two  
miles long. It gave a detailed rep-  
resentation of 2000 miles of the Father  
of Waters.

The largest of the old masters' can-  
vases is Murillo's "Appearance of the  
Christ Child to St. Anthony of Padua."  
The picture is ten feet wide and  
eighteen feet high.

It is related that a friend called on  
Salvator Rosa in Florence one day and  
found him playing on an old harp-  
sichord. The caller asked the artist  
why he kept such a worthless instru-  
ment.

"Why, it is not worth a scudo!" the  
friend said.

"I will wager," replied Rosa, "that  
it shall be worth a thousand before  
you see it again."

A bet was made. Rosa immediately  
painted a landscape on the lid that not  
only sold for 1,000 scudi, but was ac-  
counted a work of great merit.

The celebrated St. John's Wood  
clique of artists in London executed a  
series of large frescoes in oil on the  
walls of the studio of J. E. Hodgson,  
one of the members. The paintings  
were begun in the winter of 1864-5.  
Shakespearean subjects were chosen,  
and the figures were a little under life  
size.

When Hodgson moved from his stu-  
dio an unappreciative tenant covered  
the walls of the room with brown wall  
paper, completely hiding the paintings.  
The frescoes were rediscovered by ac-  
cident forty years afterward and re-  
stored.—Kansas City Star.
